

# Overview - Interface overview

The screenshot shows the Jira Overview interface. At the top left is the 'Home' button with a globe icon. On the right is the 'Overview' button with a grid icon. Below these are navigation and filter controls: a menu icon, '+ Add new', 'Sort by', a user icon, a star icon, 'Type', 'Status', 'Visibility', a search icon, and an expand/collapse icon. The main content is a table with columns: FAV, ICON, ID, NAME, STATUS, START DATE, END DATE, LEADER, TYPE, and DESCRIPTION. The table lists several programs, including 'Agile Project - Scrum of scrums', 'BigPicture Demo', 'Board 2.0', 'Cloud Platform | SAFe® Agile Releas...', 'Hybrid project', and 'Internet of Things | SAFe® Agile Re...'. The 'Internet of Things' program is expanded to show two program increments (PI1 and PI2) and their respective iterations (Iteration1 through Iteration9). Each row includes status indicators (e.g., NOT STARTED, IN PROGRESS, CLOSED), dates, leader names, and icons for actions like edit, delete, and share.
