General configuration - Basic settings

Feature	Description
Program icon	A set of icons with a colour palette.
Program name	Name of the Program.
Program leader	The Program leader has access to the Program configuration by default.
Program start date	Program's start and end dates determine how the Agile schedule is generated automatically. Program's dates are not derived from the Programs scope dates and have no impact on the tasks.
Program end date	The dates are used to generate the Program bar in the Gantt and Timeline views of Program Manager .
Public	Privacy settings - when set to private other users, except for the app's admin, will not see the Program in the Program Manager view.
Description	Additional description added to the Program tile in the Program Manager view.
